

## UPGRADE KIT FOR YOUR STELLAIRE INNOV-IS XJ1 AND XE1

TAKE YOUR SEWING AND EMBROIDERY SKILLS TO A NEW LEVEL

### Couching Embroidery Foot

Embroider letters with yarn for a cool 3-D effect using the included couching embroidery foot. Create upper- and lower-case letters (approx. 3" tall) and numbers. All characters are also resizable for even more flexibility.

### Magnetic Sash Frame (7" x 12")

- Part of the Hoopnetic Series.
- Durable, lightweight and easy to use.
- With eight strong magnets, you can hoop and embroider materials up to 2mm in thickness.

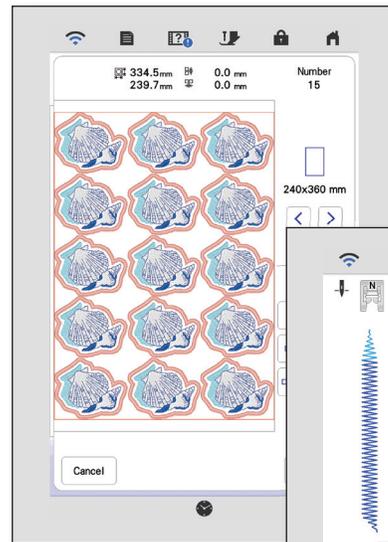

## My Stitch Monitor Capability<sup>1</sup>

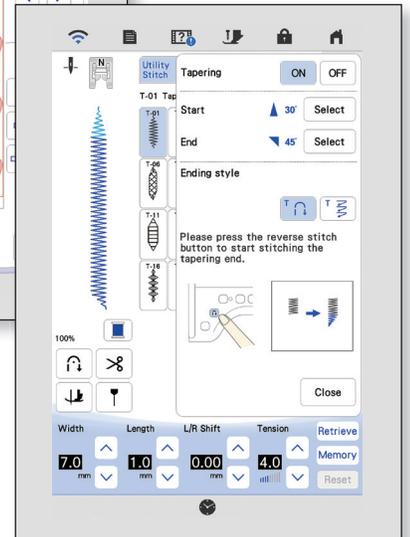

Monitor the progress of your embroidery projects, thread alerts, and more with the My Stitch Monitor app. Be alerted when it's time to change the thread or when your project is complete, right from your mobile device. In addition, you can check information on all the thread colors used for embroidering. You can also receive notifications on your mobile device when the machine stops.

## Firmware Features for Sewing and Embroidery

The software required to bring your Stellaire XJ1 to the next level. Features include 2-Point Embroidery Positioning Function with an LED pointer, Matrix Copy, additional deco-fill and line designs, more embroidery designs, which include a new dimensional embellishment technique, and the Stitch Tapering feature with multiple angles. Compatible with the XJ1 only.
